## ANNUAL REPORT ON CYBER CLUB 2024-25

The Cyber Club of Ansar Women's College successfully organized various programs throughout the academic year 2024-25, focusing on raising awareness about cyberspace and equipping students with the necessary skills to navigate the digital world safely.

The highlight of the year was the Cyber Awareness Session held on November 6, 2024, featuring Mr. Arun Kunnambath, Senior Civil Police Officer from the Kerala Police Academy, Thrissur, as the keynote speaker. The session, titled "Nomophobia: Reclaiming Life Beyond Screens," aimed to address the increasing dependency on mobile devices and encourage students to maintain a healthy balance between the digital and real world.

The event was attended by approximately 500 first-year degree students, who actively engaged in discussions and activities. Mr. Arif T.A., Vice Principal, delivered the presidential address, emphasizing the importance of using technology wisely and avoiding digital distractions.

The Cyber Club remains committed to empowering students with cyber literacy and promoting responsible digital behavior. We look forward to organizing more insightful programs in the coming years.

## CYBER SECURITY DAY OBSERVANCE

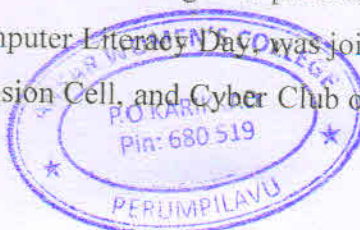

On 29th December, the Cyber Club of Ansar Women's College observed Cyber Security Day to raise awareness about the importance of cyber security in the modern world. The event was held at 10:00 AM sharp in the college portico, with all Cyber Club members actively participating in the program. The event was led by our Principal, Ms. FARITHA J, and coordinated by Mrs. JAUHARA ABDUL KADER, Assistant Professor in the PG Department of Computer Science, who is also the coordinator of the Cyber Club.

The Cyber Security Day was designed to raise awareness among students and faculty about the importance of cyber security in the digital world. The theme of the program was reflected through various activities and discussions conducted throughout the session. One of the major highlights of the event was the drawing activity undertaken by the Cyber Club members. Students created colorful and meaningful pictures that depicted various aspects of cyber security. These pictures were drawn on charts and exhibited, adding an artistic touch to the otherwise technical subject. The creativity and thoughtfulness behind these pictures were highly appreciated by the attendees.

### TehHer Series

The TechHer series, an initiative aimed at empowering women and marginalized communities through digital literacy, was formally launched in Kadavallur grama panchayat, Perumpilavu. The program, which coincided with World Computer Literacy Day, was jointly organized by the PG Department of Computer Science, Extension Cell, and Cyber Club of Ansar Women's

College, under the leadership of Unnath Bharath Abhiyan on 2<sup>nd</sup> December 2024, 11 AM at Panchayat Auditorium.

The primary objective of the TechHer series is to bridge the digital divide by enhancing computer literacy among various groups in the panchayat, including Kudumbashree, Thozhilurappu, Schools, and other community organizations. The program aims to equip these groups with essential digital skills, enabling them to access information, services, and opportunities that can improve their socio-economic well-being
